FOREWORD

It gives us immense pleasure to welcome you to the 1st International Conference of the Indian Resins Manufacturers' Association (IRMA)—a landmark milestone in our Association's journey. For the first time in our history, IRMA is taking its flagship conference beyond Indian shores, bringing together industry leaders, manufacturers, suppliers, technology providers, and professionals at the beautiful island nation of Sri Lanka. Our theme for the Conference titled Resins – Today & Tomorrow -XIV is CONNECT – COLLABORATE – GROW.

The resins industry today stands at the threshold of rapid transformation, driven by innovation, sustainability, changing market dynamics, and global collaboration. This conference has been envisioned as a platform to exchange ideas, explore emerging technologies, strengthen business relationships, and create new opportunities for growth in an increasingly interconnected world.

Beyond the technical sessions and business discussions, this conference offers an opportunity to foster stronger bonds within our industry fraternity in a relaxed international setting. We believe that meaningful conversations often begin outside the conference hall, leading to partnerships and friendships that last a lifetime.

We extend my sincere gratitude to our sponsors, speakers, organizing committee, and every member whose enthusiasm and support have made this historic initiative possible. We also thank all our delegates for being a part of this memorable beginning.

As we embark on this exciting new chapter, we are confident that IRMA's International Conference will set a benchmark for many such international gatherings in the years to come.

We look forward to welcoming you and your families to Sri Lanka for an enriching, engaging, and unforgettable experience.
